

A Tribute to Marie DeYoung

Marc Harper, APLA President

The Atlantic Provinces Library Association was saddened to learn of Marie DeYoung's passing on April 20, 2022.

Whether you had the occasion to work with Marie, benefit from her advice, or mingle with her at library social functions, there were very few in APLA's geographical region (and beyond) who didn't feel her influence on our library community.

Among many other things, Marie was well known for the time and enthusiasm she devoted to library students. A fixture at Dalhousie's School of Information Management events, Marie always took great care to provide future librarians with sound and practical advice.

Marie's obituary (and favorite charities) can be found [here](#).
