### News from Holland College and PEI Public Library Service

**Emily MacIsaac, VP PEI, Student Engagement & Instructional Librarian, Holland College**

#### At the Library

At the Holland College Library, we are preparing for the upcoming school year! This means we are refining our instructional materials and active learning strategies. **Emily MacIsaac** has been diligently working on the Holland College website to create a 'New Staff Orientation' guide with the goal of assisting new staff in finding useful resources from the Holland College Library Department.

The PWC Library staff was thrilled to witness three of our regulars graduate in June and take the official LPN (Licensed Practical Nursing) exam in July! While some of our regulars have already graduated, we are always eager to welcome new students joining Holland College in September.

#### September Programming

This year the PWC library team wants to meet students where they are by offering programs where they can meet other students and receive helpful advice! The first event, Coffee & Talk, allows students to meet their peers and staff members, fostering connections and a sense of belonging at Holland College. Campus Crash Course is an informative event where **Emily MacIsaac** and **Leslie Holt** provide tips about different departments at the College and navigating through Charlottetown. The final event, the Student Advice Panel, encourages incoming students to seek guidance from second-year students about their college experiences and what they have learned along the way.

## **Updates from the PEI Public Library**

The Library of Things is growing again - Islanders are now able to borrow Kobo Libra2, an easy-to-use e-reader! This is an excellent way for patrons to use Overdrive to borrow books as well as test out an e-reader for free.
